Frequently Asked Questions

Are their group size limits, age limits, or skill requirements?

- The ideal group size is 7-12 individuals. If you have more, we can accommodate that, but we'll typically split the build into multiple groups to better suit the job size. This allows each person to stay busy and engaged all day.
- All ages are welcome if the team arranges for appropriate adult supervision.
 - If a youth team is serving, we ask that there be one adult leader for every five students. Children under 12 may serve but must be accompanied by a parent.
- We really mean it when we say that our group volunteers don't need to have any previous building experience! We'll work with you to find a project that meets your group's skill level.

What can I expect?

- We are a relationally focused ministry. So, we pray that you take the time to connect and talk to the homeowner you are serving as it will be a blessing to you.
- We also want you to connect and grow with your fellow volunteers as you serve Christ together.
- We know the work will get done, but the chance to connect and build relationships may not happen again.
